Attached is a draft of a memo to the ASAs regarding situations where it is unclear whether a judge's findings rise to the level of Giglio type of material and need to be disclosed. Please let me know whether there are any changes that you wish to have made. Once everyone has approved it, I will send it out.

On August 5, 2015 The Honorable Judge Joseph Claps, in the case of The People of The State of Illinois v. Steven Brown, 14CR-17730, made findings regarding the credibility of Chicago Police Officer Wahbe Askar, Star# 8156 that may impact his credibility should he testify in court in the future. A copy of Judge Claps' findings is attached to this memo

Pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972). Judge Claps' findings regarding Officer Askar's testimony could potentially be found to be the type of information required to be disclosed under Giglio.

Given this possibility, if you or any of the assistants that you supervise have a case where Officer Askar is listed as a potential witness on our answer to discovery, Judge Claps' finding is to be disclosed to the defense prior to trial. The MIS Department is doing a computer search to determine whether Officer Askar is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS and have another list run. In addition, MIS has been instructed to flag Officer Askar's name in CRIMES to alert ASAs that a notice of disclosure is required in the case. Units that do not have a computer case management system will have to check their files to determine whether Officer Askar is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Askar is listed as a witness, please tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your knowledge. An electronic copy of the notice will be sent to you.

Also please remind your ASAs that the mere fact that this possible Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine Officer Askar regarding the material. The ASAs should, in the appropriate cases, file all necessary motions to seek a judicial determination as to whether this information is Giglio material and, if so, whether the material is relevant and admissible at any trial or hearing where Officer Askar is going to be called as a witness.

In general, the case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1977). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v. Veras, 51 F.3d 1365 (7<sup>th</sup> Cir. 1995) and United States v. Kiszewski, 877 F.2d 210 (2<sup>nd</sup> Cir. 1989). Limiting the use of this type of information is discussed in People v. Driskell, 213 Ill.App.3d 196 (4<sup>th</sup> Dist. 1991) and People v. Fonza, 217 Ill.App.3d 883, 892 (1st Dist. 1991).

Re: Giglio Material Regarding Chicago Police Officers Slawomir Plewa, Robert Jackson  
and Gerald Lodwich

Date: September 24, 2010

Cc: Adrienne Mebane, First Assistant  
Walt Hehner, Chief Deputy  
Dan Kirk, Chief of Staff

---

On August 19, 2010 Judge Michael Brown, in the case of The People of the State of Illinois v. Slawomir Plewa, Case No. 08CR-19286, made specific findings that Chicago Police Officers Slawomir Plewa, Star No. 14604 and Gerald Lodwich, Star No. 6958 lied and gave false testimony in the Plewa case as well as lied and gave false testimony in the case of The People of the State of Illinois v. Sylwia Marcinczyk, Case No. 07CR-8869.

In his findings in the Plewa case, Judge Brown also stated that Chicago Police Officer Robert Jackson, Star No. 15556 lied and gave false testimony in the Marcinczyk case. In the Plewa case, Judge Brown acquitted Officer Plewa of the offenses of Perjury, Official Misconduct and

Obstruction of Justice for conduct arising out of the Marcinczyk case. In doing so Judge Brown made the specific findings regarding Officers Plewa, Lodwich and Jackson.

Pursuant to Brady v. Maryland, 373 US 83 (1963) the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972).

In light of the existing case law, Judge Brown's findings regarding the officers are Giglio material as "impeachment of a witness can make the difference between acquittal and conviction...where credibility is the central issue in the case and the evidence presented at trial consists of opposing stories presented by the defendant and government agents." United States v. Kiszewski, 877 F.2d 210, 216 (2<sup>nd</sup> Cir. 1985).

I have attached a Notice of Disclosure, as well the transcript of Judge Brown's findings that is to be filed with the court and tendered to the defense in all cases where any of the three officers are going to be called as witnesses. A copy of the transcript where Judge Brown made his findings is attached to the Notice of Disclosure. I will also send an email to each of you with the Notice of Disclosure attached.

Please make sure that your assistants file and tender to the defense the Notice of Disclosure in all cases where any of the three officers are or will be witnesses. Additionally the material should be filed and tendered in any case where any of the three officers have testified since August 19, 2010.

Also please remind your ASAs that the mere fact that this Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine any of the officers on the material. Your ASAs should, in the appropriate cases, file all necessary motions to preclude the use of the Giglio material at trial.

The case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1997). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v. Chicago Police Officer Donnie Lewis, Star# 11145 of the 21<sup>st</sup> District has been charged with Aggravated Battery under Case No. 10-4008138. Our office is the prosecuting authority in Officer Lewis' case. The case is currently pending in the Fourth District Courthouse in Maywood and is next up on October 29, 2010. As you are all well aware, the fact that any witness that we are calling to testify has a pending criminal case must be disclosed to the defense.

If you or any of the assistants that you supervise have a case where Officer Lewis is a necessary witness and you are calling him as a witness, the fact that Officer Lewis has a pending case must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Officer Lewis is a witness on any pending felony cases. Once I have the results of that

search, I will forward them to each of you. Please don't call MIS and ask them to run another list. Units that do not have a computer case management system will have to check their files to determine whether Officer Lewis is a witness.

If you or the assistants that you supervise have a case where Officer Lewis is a necessary witness and you determine that he needs to be called in the case, and, at the time that Officer Lewis is testifying his case is still pending, please file and tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and approval. An electronic copy of the Notice of Disclosure will be sent to you.

If you or your ASAs have any questions, please call me. Thank you.

Chicago Police Detective John E. Killackey, III, Star #20163 has been placed on court supervision for the misdemeanor offenses of Aggravated Assault and Theft of Services under Case No. 10-1198469. Our office is the prosecuting authority in Detective Killackey's case. Detective Killackey's supervision is set to terminate on December 26, 2011.

If you or any of the assistants that you supervise have a case where you are calling Detective Killackey as a witness, the fact that Detective Killackey is currently on court supervision should be disclosed to the defense prior to trial as that fact would be relevant to his motive, interest or bias he may have in testifying as a witness for the State. The MIS Department is doing a computer search to see whether Detective Killackey is a witness on any pending felony cases. Once I have the results of

that search, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Detective Killackey is a witness.

It has been brought to the office's attention that Chicago Police Officer Joseph E. Avila, Star# 17883, 8<sup>th</sup> District has been charged with Aggravated Assault under Case No. 11 DV 70368. Our office is the prosecuting authority in Officer Avila's case. The case is currently pending in Domestic Violence Court, Branch 60 in Chicago and is next up on March 11, 2011. As you are all well aware, the fact that any witness that we are calling to testify has a pending criminal case must be disclosed to the defense.

If you or any of the assistants that you supervise have a case where you are calling Officer Avila as a witness, the fact that Officer Avila has a pending case must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Officer Avila is a

witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Officer Avila is a witness.

If you or the assistants that you supervise have a case where Officer Avila is a witness and you determine that he is a necessary witness and needs to be called in the case, and, at the time that Officer Avila is testifying his case is still pending, please file and tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

As you may already know, Chicago Police Officers Paul Clavijo, Star# 11392 and Juan Vasquez, Star # 15054 have been charged with Criminal Sexual Assault and Official Misconduct. I have asked MIS to conduct a search on CRIMES to determine whether these officers are witnesses on any pending cases. I will forward the search results to you once I receive them. If you do not have a case management system, please have your ASAs check their files and see whether they have any cases on their call where Officers Clavijo or Vasquez are witnesses. If they are witnesses on any cases please determine whether the case can be proved without calling either as a witness. If the case cannot be proved without calling either of them as a witness, please nolle the case. If the case can be proved without either officer's testimony you should proceed on the case.

If you have a case where we cannot proceed without either officer's testimony and the case is a violent crime, involves death or serious bodily injury, or is a case where you or your ASAs feel that the case should go forward please contact Fabio or me prior to taking any action. Also, please have your ASAs keep track of how many of Officer Clavijo's and Office Vasquez's cases they have and how many of those cases were dismissed.

If you or your ASAs have any questions, please call me. Thank you.

It has been brought to the office's attention that Chicago Police Officer Frank Doyle, Star# 2926, 18<sup>th</sup> Dist. has been charged with Battery under Case No. 11-216360. Our office is the prosecuting authority in Officer Doyle's case. The case is currently pending at Branch 34 at 155 W. 51<sup>st</sup>. St. in Chicago and is next up on July 18, 2011. As you are all well aware, the fact that any witness that we are calling to testify has a pending criminal case must be disclosed to the defense.

If you or any of the assistants that you supervise have a case where you are calling Officer Doyle as a witness, the fact that Officer Doyle has a pending case must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Officer Doyle is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case

management system will have to check their files to determine whether Officer Doyle is a witness.

If you or the assistants that you supervise have a case where Officer Doyle is a witness and you determine that he is a necessary witness and needs to be called in the case, and, at the time that Officer Doyle is testifying his case is still pending, please file and tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

As you may already know, Chicago Police Officer Jeffrey Gniadek, Star# 18797 has been indicted for the offense of Threatening a Public Official under indictment number 11CR-13609. MIS is running a computer search on CRIMES to determine whether he is a witness on any pending felony cases. Once I have the results of that search, I will forward them to you. Those units without a computer case management system will have to check their individual files to determine whether the officer is a witness on any pending cases.

If Officer Gniadek is a witness on a case please determine whether the case can be proved without calling him as a witness. If the case cannot be proved without calling him as a witness, please nolle the case. If the case can be proved without Officer Gniadek's testimony you should

proceed on the case.

If you have a case where we cannot proceed without Officer Gniadek's testimony and the case is a violent crime, involves death or serious bodily injury, or is a case where you or your ASAs feel that the case should go forward please contact Fabio or me prior to taking any action. Also, please have your ASAs keep track of how many of Officer Gniadek's cases they have and how many of those cases were dismissed.

If you or your ASAs have any questions, please call me. Thank you.

---

Last year a memo and Notice of Disclosure were distributed throughout the office regarding Giglio material pertaining to Chicago Police Officer Gerald Lodwich in that a judge found that Officer Lodwich, and two other officers, Slawomir Plewa and Robert Jackson, had given false testimony in two criminal cases: The People of the State of Illinois v. Slawomir Plewa and The People of the State of Illinois v. Sylwia Marcinczyk. As a result of those findings the Internal Affairs Division of the Chicago Police Department conducted an investigation into Officer Lodwich's testimony in those two cases. The results of that investigation concluded that the allegations that Officer Lodwich had given false testimony in the two criminal cases were unfounded.

Accordingly, the Notice of Disclosure containing Officer Lodwich should no longer be filed in cases where Officer Lodwich is being or will be called as a witness. Attached is a Notice of Disclosure that should be used in the event Officers Plewa or Jackson is going to be called as witnesses in a case. If anyone has any questions, please feel free to contact me. Thank you.

Chicago Police Detective Richard A. Milz, Star #21200 has been placed on court supervision for the misdemeanor offense of Disorderly Conduct under Case No. 11-1224061. Our office is the prosecuting authority in Detective Milz's case. Detective Milz's supervision is set to terminate on September 26, 2012.

If you or any of the assistants that you supervise have a case where you are calling Detective Milz as a witness, the fact that Detective Milz is currently on court supervision should be disclosed to the defense prior to trial as that fact would be relevant to his motive, interest or bias he may have in testifying as a witness for the State. The MIS Department is doing a computer search to see whether Detective Milz is a witness on any pending felony cases. Once I have the results of that

search, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Detective Milz is a witness.

If you or the assistants that you supervise have a case where Detective Milz is a witness and you determine that he is a necessary witness who needs to be called in the case, and, at the time of his testimony Detective Milz is still on court supervision, please file and tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and approval. An electronic copy of the Notice of Disclosure will be sent to you.

Re: Giglio Material Regarding Park Forest Police Sgt. Steve Zanoni

Date: March 6, 2012

Cc: Shauna Boliker, First Assistant  
Walt Hehner, Chief Deputy  
Dan Kirk, Chief of Staff

---

On February 6, 2012 Judge Noreen V. Love, in the case of The People of the State of Illinois v. Stephen B. Lewis, Case No. 11CR-21047, made a specific finding that Forest Park Police Sgt. Steve Zanoni, Star No. 113, intentionally made a false statement in front of the grand jury while testifying in In re: People vs. Stephen B. Lewis, Grand Jury No. 358 of December 2011.

Pursuant to Brady v. Maryland, 373 US 83 (1963) the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972).

In light of the existing case law, Judge Love's finding regarding Sgt. Zanonì is Giglio material as "impeachment of a witness can make the difference between acquittal and conviction...where credibility is the central issue in the case and the evidence presented at trial consists of opposing stories presented by the defendant and government agents." United States v. Kiszewski, 877 F.2d 210, 216 (2<sup>nd</sup> Cir. 1985).

I have attached a Notice of Disclosure, as well the transcript of Judge Love's findings that is to be filed with the court and tendered to the defense in all cases where Sgt. Zanonì is going to be called as witnesses. A copy of the transcript where Judge Love made her finding is attached to the Notice of Disclosure. I will also send an email to each of you with the Notice of Disclosure attached.

Please make sure that your assistants file and tender to the defense the Notice of Disclosure in all cases where Sgt. Zanonì will be called as a witnesses. Additionally the material should be filed and tendered in any case where Sgt. Zanonì has testified since February 6, 2012.

Also please remind your ASAs that the mere fact that this Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine Sgt. Zanonì on the material. Your ASAs should, in the appropriate cases, file all necessary motions to preclude the use of the Giglio material at trial.

The case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1997). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v. Veras, 51 F.3d 1365 (7<sup>th</sup> Cir. 1995) and United States v. Kiszewski, 877 F.2d 210 (2<sup>nd</sup> Cir. 1989). Limiting the use of this type of information is discussed in People v. Driskell, 213 Ill.App.3d 196 (4<sup>th</sup> Dist. 1991) and People v. Fonza, 217 Ill.App.3d 883, 892 (1st Dist. 1991).

As you may already know, Illinois State Trooper Brian Himber was charged with First Degree Murder. MIS is conducting a search of CRIMES to determine whether Trooper Himber is a witness on any pending felony cases. Once I have the results of that search, I will forward the results to you. If your unit does not have a computer case management system, please have your ASAs check their files and see whether they have any cases on their call where Trooper Himber is a witness on a pending case. If he is a witness on the case please determine whether the case can be proved without calling him as a witness. If the case cannot be proved without calling him as a witness, please nolle the case. If the case can be proved without Trooper Himber's testimony you should proceed on the case.

If you have a case where we cannot proceed without Himber's testimony and the case is a violent crime, involves death or serious bodily injury, or is a case where you or your ASAs feel that the case should go forward please contact Fabio or me prior to taking any action. It has been brought to the office's attention that Chicago Police Officer Anna Marie Cunningham, Star# 19833 has been charged with DUI under Case No. TB688619. Our office is the prosecuting authority in Officer Cunningham's case. The case is currently pending at Traffic Court at the Daley Center in Chicago and is next up on March 25, 2013. As you are all well aware, the fact that any witness that we are calling to testify has a pending criminal case must be disclosed to the defense.

If you or any of the assistants that you supervise have a case where you are calling Officer Cunningham as a witness, the fact that Officer Cunningham has a pending case must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Officer

Cunningham is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Officer Cunningham is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Cunningham is a witness and you determine that she is a necessary witness and needs to be called in the case, and, at the time that Officer Cunningham is testifying her case is still pending, please file and tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

If you or your ASAs have any questions, please call me. Thank you.

Chicago Police John Haleas, Star# 6719, 25<sup>th</sup> District has been placed on one year probation for the offense of Attempt Obstruction of Justice under Indictment No. 08CR-7115. Our office is the prosecuting authority in Officer Haleas's case.

If you or any of the assistants that you supervise have a case where you are calling Officer Haleas as a witness, the fact that Officer Haleas is currently on probation should be disclosed to the defense prior to trial as that fact would be relevant to any motive, interest or bias he may have in testifying as a witness for the State. In addition, given the nature of the conviction, we will have to disclose the information to the defense after the term of probation has expired. The MIS Department is doing a computer search to see whether Officer Haleas is a witness on any pending felony cases.

Once I have the results of that search, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Officer Haleas is a witness.

Chicago Police Officer Juan Belmontes, Star# 8414, 7<sup>th</sup> District has been charged with Aggravated Criminal Sexual Abuse and Unlawful Restraint. Our office is the prosecuting agency in his case. MIS is conducting a search of CRIMES to determine whether Officer Belmontes is a witness on any pending felony cases. Once I have the results of that search, I will forward the results to you. If your unit does not have a computer case management system, please have your ASAs check their files and see whether they have any cases on their call where Officer Belmontes is a witness on a pending case. If he is a witness on the case please determine whether the case can be proved without calling him as a witness. If the case cannot be proved without calling him as a witness, please nolle the case. If the case can be proved without Officer Belmontes' testimony you should proceed on the case.

If you have a case where we cannot proceed without Belmontes' testimony and the case is a violent crime, involves death or serious bodily injury, or is a case where you or your ASAs feel that the case should go forward please contact Fabio or me prior to taking any action. If you or any of the assistants that you supervise have a case where you are calling Officer Brown as a witness, the fact that Officer Brown has a pending case must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Officer Brown is a witness on any pending felony cases. Once I have the results of that search, I will forward them to

each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Officer Brown is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Brown is a witness and you determine that he is a necessary witness and needs to be called in the case, and, at the time that Officer Brown is testifying his case is still pending, please file and tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

If you or your ASAs have any questions, please call me. Thank you.

The office has received notice of fifteen cases where the Chicago Police Board issued Findings and Decisions wherein fifteen officers were found to have violated Chicago Police Department Rule 14-Making a false report, written or oral. In each of those fifteen cases, the Chicago Police Department sought the officer's termination. In thirteen of those cases the Police Board imposed a penalty of less than termination. In the two remaining cases, the Police Board recommended termination but the Circuit Court of Cook County remanded the cases for the Police Board to impose a less severe sanction. The fifteen officers are:

Audrey Wilson, Star 9116  
Nenad Markovich, Star 19638

John Loconsole, Star 6293  
Dean Gleason, Star 2054  
Eddie Yoshimura, Star 2334

As you are well aware, pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972). The Police Board's findings fall squarely under the type of disclosure required under Giglio.

If you or any of the assistants that you supervise have a case where any of these officers are listed as a potential witness on our answer to discovery, the findings of the Police Board must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether any of these officers is a witness on any pending felony cases. Once I have the results of those searches, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether any of these officers is a witness on any pending cases.

If you or the assistants that you supervise have a case where any of the above officers is listed as a witness, please tender to the defense the attached Notice of Disclosure prior to trial. The Board's written findings are on the "L" Drive in a folder titled "Rule 14 Findings". These are to be tendered to the defense as well. None of the ASAs that you supervise are to file the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

Also please remind your ASAs that the mere fact that this Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine any of the officers on the material. The ASAs should, in the appropriate cases, file all necessary motions to preclude the use of the Giglio material at trial.

The case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1977). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v.

Veras, 51 F.3d 1365 (7<sup>th</sup> Cir. 1995) and United States v. Kiszewski, 877 F.2d 210 (2<sup>nd</sup> Cir. 1989). Limiting the use of this type of information is discussed in People v. On February 16, 2016 The Honorable Judge Steven Watkins, in the case of The People of The State of Illinois v. Stephon Mack, 15MC1-218194, made findings regarding the credibility of Chicago Police Officer Damon Balesteri, Star# 7510 that may impact his credibility should he testify in court in the future. A copy of Judge Watkins' findings is attached to this memo.

Pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972). Judge Watkins' findings regarding Officer Balesteri's testimony could potentially

be found to be the type of information required to be disclosed under Giglio.

Given this possibility, if you or any of the assistants that you supervise have a case where Officer Balesteri is listed as a potential witness on our answer to discovery, Judge Watkins' finding is to be disclosed to the defense prior to trial. The MIS Department is doing a computer search to determine whether Officer Balesteri is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS and have another list run. In addition, MIS has been instructed to flag Officer Balesteri's name in CRIMES to alert ASAs that a notice of disclosure is required in the case. Units that do not have a computer case management system will have to check their files to determine whether Officer Balesteri is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Balesteri is listed as a witness, please tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your knowledge. An electronic copy of the notice will be sent to you.

Also please remind your ASAs that the mere fact that this possible Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine Officer Balesteri regarding the material. The ASAs should, in the appropriate cases, file all necessary motions to seek a judicial determination as to whether this information is Giglio material and, if so, whether the material is relevant and admissible at any trial or hearing where Officer Balesteri is going to be called as a witness.

In general, the case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1997). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Cook County Forest Preserve Police Officer Joe Gotch has been charged with felony Criminal Damage to Property under indictment number 15CR-10152. MIS is conducting a search of CRIMES to determine whether Officer Gotch is a witness on any pending felony cases. Once I have the results of that search, I will forward the results to you. If your unit does not have a computer case management system, please have your ASAs check their files and see whether they have any cases on their call where Officer Gotch is a witness on a pending case. If he is a witness on the case please determine whether the case can be proved without calling him as a witness. If the case cannot be proved without calling him as a witness, please nolle the case. If the case can be proved without Officer Gotch's testimony you should proceed on the case.

If you have a case where we cannot proceed without Gotch's testimony and the case is a violent crime, involves death or serious bodily injury, or is a case where you or your ASAs feel that the case should go forward please contact Fabio or me prior to taking any action. Also, please have your ASAs keep track of how many of Officer Gotch's cases they have and how many of those cases were dismissed.

It has been brought to the office's attention that Chicago Police Officer Thomas McMillion, Star# 4174, 25<sup>th</sup> District has been charged with DUI under Ticket No. TH297383. Our office is the prosecuting authority in Officer McMillion's case. The case is currently pending in Traffic Court at the Daley Center in Chicago and is next up on August 3, 2015. As you are all well aware, the fact that any witness that we are calling to testify has a pending criminal case must be disclosed to the defense.

If you or any of the assistants that you supervise have a case where you are calling Officer McMillion as a witness, the fact that Officer McMillion has a pending case must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Officer

McMillion is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Officer McMillion is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer McMillion is a witness and you determine that he is a necessary witness and needs to be called in the case, and, at the time that Officer McMillion is testifying his case is still pending, please file and tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

The office has been made aware that Chicago Police Detective Michael Qualls, Star# 20791 has stated that in the past, in order to assist him in preparing his police reports, he has audio recorded interviews that he conducted as part of his investigations in some of his cases. Detective Qualls produced the phone that he used for these recordings for forensic investigation and it was determined that the phone contained four recordings of interviews. It was further determined that only one case was involved in the recordings. The issues in that one case are currently being addressed.

Notwithstanding that only one case was involved, in any case where we list Detective Qualls as a witness on our answer to discovery, please have the ASAs file the attached notice of disclosure. MIS has prepared a list of active cases where Detective Qualls is listed as a participant and that list is attached as well. Units without a case management system should check their files to determine

whether Detective Qualls is listed as a witness.

The Honorable Judge James Obbish, in the case of The People of The State of Illinois v. Princeton Williamson, 14CR-1872, has made findings regarding the credibility of Chicago Police Sergeant Brian Johnson, Star No. 1306 which impact his credibility should he testify in court in the future.

Pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972).

In light of the existing case law, Judge Obbish's findings regarding Sergeant Johnson are Giglio material as "impeachment of a witness can make the difference between acquittal and conviction...where credibility is the central issue in the case and the evidence presented at trial consists of opposing stories presented by the defendant and government agents." United States v. Kiszewski, 877 F.2d 210, 216 (2<sup>nd</sup> Cir. 1985).

I have attached a Notice of Disclosure, as well the transcript of Judge Obbish's findings that is to be filed with the court and tendered to the defense in all cases where Sergeant Johnson is going to be called as witnesses. The MIS Department has run a search to determine whether Sergeant Johnson is a witness on any pending cases and the results of that search are attached. Please note that prior to being promoted to Sergeant; Sergeant Johnson was a detective with a star number of 20948. Units without an automated case management system will have to search their files to determine whether Sergeant Johnson is a witness on any pending case. In addition, cases in CRIMES where Sergeant Johnson has been listed as a participant will be flagged in order to remind the ASAs of the need to make this disclosure.

Also please remind your ASAs that the mere fact that this Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine Sergeant Johnson on the material. The ASAs should, in the appropriate cases, file all necessary motions to preclude the use of the Giglio material at trial.

The case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1997). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v. Veras, 51 F.3d 1365 (7<sup>th</sup> Cir. 1995) and United States v. Kiszewski, 877 F.2d 210 (2<sup>nd</sup> Cir. 1989). Limiting the use of this type of information is discussed in People v. Driskell, 213 Ill.App.3d 196 (4<sup>th</sup> Dist. 1991) and People v. Fonza, 217 Ill.App.3d 883, 892 (1st Dist. 1991).

It has been brought to the office's attention that Chicago Police Officer Wayne Rydberg, Star# 13986, 5<sup>th</sup> District has been charged in two Domestic Battery cases under Case Nos. 16 DV-07029 and 16 DV-71442. He has also been charged with Battery under Case No. 16-1194690. Our office is the prosecuting authority in each of Officer Rydberg's cases. Case 16 DV-07029 is currently pending in Branch 64 at 555 West Harrison in Chicago and is next up on March 14, 2016 and case 16 DV-71442 is currently pending in Branch 62 at 555 West Harrison in Chicago and is next up on March 24, 2016. The battery case, 16-1194690 is pending in Branch 35 on March 25, 2016. As you are all well aware, the fact that any witness that we are calling to testify has pending criminal cases must be disclosed to the defense.

If you or any of the assistants that you supervise have a case where you are calling Officer Rydberg as a witness, the fact that Officer Rydberg has a pending case must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Officer Rydberg is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Officer Rydberg is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Rydberg is a witness and you determine that he is a necessary witness and needs to be called in the case, and, at the time that Officer Rydberg is testifying his case is still pending, please file and tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

If you or your ASAs have any questions, please call me. Thank you.

The Berwyn Police Department has provided notice to the office that on August 3, 2011 Berwyn Police Officer Timothy Keske was found in violation of Berwyn Police Department Rule 14 which prohibits making a false report.

As you are well aware, pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972). The Berwyn Police Department's findings fall squarely under the type of disclosure required under Giglio.

If you or any of the assistants that you supervise have a case where Officer Keske is listed as a potential witness on our answer to discovery, the findings of the Berwyn Police Department must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Officer Keske is a witness on any pending felony cases. Once I have the results of the search, I will forward them to each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Officer Kekse is a witness on any pending felony cases.

If you or the assistants that you supervise have a case where any of the above officers is listed as a witness, please tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

Also please remind your ASAs that the mere fact that this Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine any of the officers on the material. The ASAs should, in the appropriate cases, file all necessary motions to preclude the use of the Giglio material at trial.

The case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1977). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v. Veras, 51 F.3d 1365 (7<sup>th</sup> Cir. 1995) and United States v. Kiszewski, 877 F.2d 210 (2<sup>nd</sup> Cir. 1989). Limiting the use of this type of information is discussed in People v. It has been brought to the office's attention that Illinois State Trooper Valentino Diaz has been charged with DUI under Case No. TK110482. Our office is the prosecuting authority in Trooper Diaz's case. The case is currently pending in Room 406 in Traffic Court and is next up on May 5, 2016. As you are all well aware, the fact that any witness that we are calling to testify has a pending criminal case must be disclosed to the defense.

If you or any of the assistants that you supervise have a case where you are calling Trooper Diaz as a witness, the fact that Trooper Diaz has a pending case must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Trooper Diaz is a witness on any pending felony cases. Once I have the results of that search, I will forward them to

each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Trooper Diaz is a witness on any pending cases.

If you or the assistants that you supervise have a case where Trooper Diaz is a witness and you determine that he is a necessary witness and needs to be called in the case, and, at the time that Trooper Diaz is testifying his case is still pending, please file and tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

If you or your ASAs have any questions, please call me. Thank you.

On January 25, 2016 The Honorable Judge Joseph Claps, in the case of The People of The State of Illinois v. Elliott Wills, 15CR-6034, made findings regarding the credibility of Chicago Police Officer James Lynch, Star# 10183, that may impact his credibility should he testify in court in the future. A copy of Judge Claps' findings is attached to this memo.

Pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972). Judge Claps' findings regarding Officer Lynch's testimony could potentially be found to be the type of information required to be disclosed under Giglio.

Given this possibility, if you or any of the assistants that you supervise have a case where Officer Lynch is listed as a potential witness on our answer to discovery, Judge Claps' finding is to be disclosed to the defense prior to trial. The MIS Department is doing a computer search to determine whether Officer Lynch is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS and have another list run. In addition, MIS has been instructed to flag Officer Lynch's name in CRIMES to alert ASAs that a notice of disclosure is required in the case. Units that do not have a computer case management system will have to check their files to determine whether Officer Lynch is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Lynch is listed as a witness, please tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your knowledge. An electronic copy of the notice will be sent to you.

Also please remind your ASAs that the mere fact that this possible Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine Officer Lynch regarding the material. The ASAs should, in the appropriate cases, file all necessary motions to seek a judicial determination as to whether this information is Giglio material and, if so, whether the material is relevant and admissible at any trial or hearing where Officer Lynch is going to be called as a witness.

In general, the case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1977). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v. Veras, 51 F.3d 1365 (7<sup>th</sup> Cir. 1995) and United States v. Kiszewski, 877 F.2d 210 (2<sup>nd</sup> Cir. 1989). Limiting the use of this type of information is discussed in People v. Driskell, 213 Ill.App.3d 196 (4<sup>th</sup> Dist. 1991) and People v. Fonza, 217 Ill.App.3d 883, 892 (1st Dist. 1991).

On May 16, 2016 The Honorable Judge Cynthia Ramirez, in the case of In re P.C., 16 JD 895, made an adverse credibility finding regarding the testimony of Chicago Police Officer Arturo Fonseca, Star# 10739. A copy of Judge Ramirez's findings is attached to this memo.

Pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972). Judge Ramirez's finding regarding Officer Fonseca's testimony could potentially be found to be the type of information required to be disclosed under Giglio.

Given this possibility, if you or any of the assistants that you supervise have a case where Officer Fonseca is listed as a potential witness on our answer to discovery, Judge Ramirez's finding is to be disclosed to the defense prior to trial. The MIS Department is doing a computer search to determine whether Officer Fonseca is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS and have another list run. In addition, MIS has been instructed to flag Officer Fonseca's name in CRIMES in order to alert ASAs that a notice of disclosure is required in the case. Units that do not have a computer case management system will have to check their files to determine whether Officer Fonseca is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Fonseca is listed as a witness, please tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your knowledge. An electronic copy of the notice will be sent to you.

Also please remind your ASAs that the mere fact that this possible Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine Officer Fonseca regarding the material. The ASAs should, in the appropriate cases, file all necessary motions to seek a judicial determination as to whether this information is Giglio material and, if so, whether the material is relevant and admissible at any trial or hearing where Officer Fonseca is going to be called as a witness.

In general, the case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1997). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v. Veras, 51 F.3d 1365 (7<sup>th</sup> Cir. 1995) and United States v. Kiszewski, 877 F.2d 210 (2<sup>nd</sup> Cir. 1989). Limiting the use of this type of information is discussed in People v. Driskell, 213 Ill.App.3d 196 (4<sup>th</sup> Dist. 1991) and People v. Fonza, 217 Ill.App.3d 883, 892 (1st Dist. 1991).

On March 22, 2011 The Honorable Judge William Hooks, in the case of The People of The State of Illinois v. George Davis, 09CR-6823, made findings regarding the credibility of Chicago Police Officers Gildardo Sierra, Star# 3656 and Steven Carroll, Star# 12236 that may impact their credibility should they testify in court in the future. A copy of Judge Hooks' findings is attached to this memo.

Pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S.

150, 154 (1972). Judge Hooks' findings regarding Officers Sierra's and Carroll's testimony could potentially be found to be the type of information required to be disclosed under Giglio.

Given this possibility, if you or any of the assistants that you supervise have a case where either Officer Sierra or Officer Carroll is listed as a potential witness on our answer to discovery, Judge Hooks' finding is to be disclosed to the defense prior to trial. The MIS Department is doing a computer search to determine whether Officer Sierra or Officer Dolan is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS and have another list run. In addition, MIS has been instructed to flag Officer Sierra's and Officer Carroll's names in CRIMES to alert ASAs that a notice of disclosure is required in the case. Units that do not have a computer case management system will have to check their files to determine whether Officer Sierra or Officer Carroll is a witness on any pending cases.

If you or the assistants that you supervise have a case where either Officer Sierra or Officer Carroll is listed as a witness, please tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your knowledge. An electronic copy of the notice will be sent to you.

Also please remind your ASAs that the mere fact that this possible Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine Officer Dolan regarding the material. The ASAs should, in the appropriate cases, file all necessary motions to seek a judicial determination as to whether this information is Giglio material and, if so, whether the material is relevant and admissible at any trial or hearing where Officer Sierra or Officer Carroll is going to be called as a witness.

In general, the case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1997). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. ---

On April 1, 2016 The Honorable Judge William Hooks, in the case of The People of The State of Illinois v. Christopher Haynes a.k.a. Joshua Davis, 14CR-19746, made findings regarding the credibility of Chicago Police Officer Benny Williams, Star# 12544 that may impact his credibility should he testify in court in the future. A copy of Judge Hooks' findings is attached to this memo.

Pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972). Judge Hooks' findings regarding Officer Williams' testimony could potentially be

found to be the type of information required to be disclosed under Giglio.

Given this possibility, if you or any of the assistants that you supervise have a case where Officer Williams is listed as a potential witness on our answer to discovery, Judge Hooks' finding is to be disclosed to the defense prior to trial. The MIS Department is doing a computer search to determine whether Officer Williams is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS and have another list run. In addition, MIS has been instructed to flag Officer Williams' name in CRIMES to alert ASAs that a notice of disclosure is required in the case. Units that do not have a computer case management system will have to check their files to determine whether Officer Williams is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Williams is listed as a witness, please tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your knowledge. An electronic copy of the notice will be sent to you.

Also please remind your ASAs that the mere fact that this possible Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine Officer Williams regarding the material. The ASAs should, in the appropriate cases, file all necessary motions to seek a judicial determination as to whether this information is Giglio material and, if so, whether the material is relevant and admissible at any trial or hearing where Officer Williams is going to be called as a witness.

In general, the case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1997). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v. Veras, 51 F.3d 1365 (7<sup>th</sup> Cir. 1995) and United States v. Kiszewski, 877 F.2d 210 (2<sup>nd</sup> Cir. 1989). Limiting the use of this type of information is discussed in People v. Driskell, 213 Ill.App.3d 196 (4<sup>th</sup> Dist. 1991) and People v. Fonza, 217 Ill.App.3d 883, 892 (1st Dist. 1991).

On January 16, 2008, The Honorable Judge James F. Holderman, in the case of Coffie v. Korhonen and Lodwich, 05 C 6745, 2008 U.S. Dist. LEXIS 3286 (N.D. Ill. 2008) made an adverse credibility finding regarding the testimony of Chicago Police Officers Scott Korhonen, Star# 2826 and Gerald Lodwich, Star # 6958. A copy of Judge Holderman's findings is attached to this memo.

Pursuant to Brady v. Maryland, 373 US 83 (1963), the prosecution's disclosure of exculpatory information is part of the constitutional right to a fair trial. This duty of disclosure also includes evidence that may impeach the credibility of a prosecution witness. Giglio v. United States, 405 U.S. 150, 154 (1972). Judge Holderman's finding regarding Officers Korhonen's and Lodwich's

testimony could potentially be found to be the type of information required to be disclosed under Giglio.

Given this possibility, if you or any of the assistants that you supervise have a case where Officer Korhonen or Officer Lodwich is listed as a potential witness on our answer to discovery, Judge Holderman's finding is to be disclosed to the defense prior to trial. The MIS Department is doing a computer search to determine whether either officer is a witness on any pending felony cases. Once I have the results of that search, I will forward them to each of you. Please don't call MIS and have another list run. In addition, MIS has been instructed to flag Officers Korhonen's and Lodwich's names in CRIMES in order to alert ASAs that a notice of disclosure is required in the case. Units that do not have a computer case management system will have to check their files to determine whether either officer is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Korhonen or Officer Lodwich is listed as a witness and they are intending to call him as a witness at trial, please tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to file the notice without your knowledge. An electronic copy of the notice will be sent to you.

Also please remind your ASAs that the mere fact that this possible Giglio material is discoverable and has been tendered to the defense does not in and of itself mean that the defense can introduce the evidence at trial or cross-examine the officers regarding the material. The ASAs should, in the appropriate cases, file all necessary motions to seek a judicial determination as to whether this information is Giglio material and, if so, whether the material is relevant and admissible at any trial or hearing where either officer is going to be called as a witness.

In general, the case law in this area is, of course, set out in United States v. Brady, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). The timing of disclosure is governed by Weatherford v. Bursey, 429 U.S. 545 (1997). What needs to be disclosed is discussed in United States v. Agurs, 427 U.S. 97 (1976); United States v. Diaz, 922 F.2d (2<sup>nd</sup> Cir. 1990); United States v. Veras, 51 F.3d 1365 (7<sup>th</sup> Cir. 1995) and United States v. Kiszewski, 877 F.2d 210 (2<sup>nd</sup> Cir. 1989). Limiting the use of this type of information is discussed in Illinois Rule of Evidence 608 as well as in People v. Driskell, 213 Ill.App.3d 196 (4<sup>th</sup> Dist. 1991) and People v. Fonza, 217 Ill.App.3d 883, 892 (1st Dist. 1991).

It has been brought to the office's attention that Chicago Police Sgt. Joseph Keeter, Star# 2647, 1<sup>st</sup> District has been charged with D.U.I. under Case No. TH 508905. Our office is the prosecuting authority in Officer Keeter's case. The case is currently pending in Traffic Court at the Daley Center and is next up on December 28, 2016. As you are all well aware, the fact that any witness that we are calling to testify has a pending criminal case must be disclosed to the defense.

If you or any of the assistants that you supervise have a case where you are calling Officer Keeter as a witness, the fact that Officer Keeter has a pending case must be disclosed to the defense prior to trial. The MIS Department is doing a computer search to see whether Officer Keeter is a witness on any pending felony cases. Once I have the results of that search, I will forward them to

each of you. Please don't call MIS to have another list run. Units that do not have a computer case management system will have to check their files to determine whether Officer Keeter is a witness on any pending cases.

If you or the assistants that you supervise have a case where Officer Keeter is a witness and you determine that he is a necessary witness and needs to be called in the case, and, at the time that Officer Keeter is testifying his case is still pending, please tender to the defense the attached Notice of Disclosure prior to trial. None of the ASAs that you supervise are to tender the notice without your prior knowledge and specific approval. An electronic copy of the Notice of Disclosure will be sent to you.

If you or your ASAs have any questions, please call me. Thank you.

Chicago Police Officer Ronald Coleman, Star# 5922, Unit 189 has been charged federally with offenses arising out of a federal narcotics investigation. His name should be stricken from any answer to discovery on which it appears. MIS is conducting a search of CRIMES to determine whether Officer Coleman is a witness on any pending felony cases. Once I have the results of that search, I will forward the results to you. If your unit does not have a computer case management system, please have your ASAs check their files and see whether they have any cases on their call where Officer Coleman is a witness on a pending case. If he is a witness on the case please determine whether the case can be proved without calling him as a witness. If the case cannot be proved without calling him as a witness, please nolle the case. If the case can be proved without Officer Coleman's testimony you should proceed on the case.

If you have a case where we cannot proceed without Officer Coleman's testimony and the case is a violent crime, involves death or serious bodily injury, or is a case where you or your ASAs feel that the case should go forward please contact Fabio or me prior to taking any action. Also, please have your ASAs keep track of how many of Officer Coleman's cases they have and how many of those cases were dismissed.

If you or your ASAs have any questions, please call me. Thank you.
